

Munson & McNamara

We might tell you a great deal about the very low prices we are selling goods for this season, but what's the use, in view of the great deception practiced in the description of goods by unscrupulous advertisers this season?

We will not call a 34 inch cloth 40 inches. We will not word an advertisement so as to have you think that a cotton mixed goods is all wool. And we will not say that we are selling goods worth 75 cents at 49 cents when the goods are only value for 25 cents.

The public are catching onto this bugaboo advertising and say there is nothing in it for them.

We are doing a great business in a quiet way. Our bargains are offered in our house from day to day and the people are finding it out. We are not advertising our greatest bargains but you can see them in the store. All the stocks are complete and you will see many great bargains on our counters this week.

BLANKETS.

What a story we might tell you on blankets, their merits and cheapness might be writ large, very large, and yet fall very far below the truth. Prudent housekeepers, wise thrifty women will look over our blanket stock and if blankets are needed they will buy now.

Our Dress Goods Stock, as some of you know, has no equal in Kansas, and for choice selections of fashionable fabrics has no superior in this country.

Our linen stock is a wonder in itself, containing everything new produced in the linen world.

Our Domestic Stock is a money saver at every turn, to every housekeeper; this we can prove at the counter. The Hosiery and Underwear Departments contain just the goods you ought to have. The millinery people are very busy but will have some news later in the week. Our millinery department is a success.

A great movement in goods will occur this week. Come and see.

WE ARE AWARE OF THE FACT

That it is an unusual proceeding at this time of the year for dealers to cut prices on goods now in great demand, BUT WE HAVE GOT TO DO IT for this reason: We have thousands of dollars tied up in elegant

IN MARTIN'S MEMORY.

Exercises at Camp Ellsworth—The Band Content, Reunions.

ELLSWORTH, Kan., Oct. 5.—The weather has been everything that could be desired and the number of people on the grounds at 10 o'clock yesterday was fully 25,000. This may be set down as the largest attendance of the week, as large numbers in the afternoon took passage on departing trains. The morning was devoted to a meeting of those who favored the pensioning of all surviving soldiers, after which a band concert was held.

Judge Little, of Junction City, announced the results of the contest as follows: First prize, Webster, of Warren, Kan.; second prize, Knights of Pythias band, of Lyons; third prize, Ellsworth band, of Ellsworth; fourth, Wamego band, of Wamego.

The afternoon meeting in the auditorium consisted of memorial ritualistic services in commemoration of the life and services and death of ex-governor John A. Martin. A dirge was played by the band, after which Department Chaplain Holland offered a prayer. Comrade Wilson, department adjutant general, read the biographical sketch of Colonel John A. Martin. "Nearer My God to Thee" was rendered by a local choir, when short memorial addresses were delivered by Colonel W. A. Phillips, of Salina, and Hon. R. W. Perkins, Miss Helle C. Harris, department president. The address of the state of Kansas, then sang "Jesus Lover of My Soul," when Captain Eugene F. Ware and Colonel Tom Jackson made short memorial addresses. The female chorus then fired the salute for the dead, after which the benediction was pronounced and the band played the regulation taps.

The Indiana Veterans' association, of Kansas, held their sixth reunion at camp Ellsworth. Colonel T. W. Durham, of Topeka, was elected president, and Captain A. W. Lee, of Alden, secretary of the association.

The State Soldiers' associations of Ohio, Iowa, Indiana and Illinois have taken steps toward the erection of state buildings upon the returned grounds. Ohio will begin her buildings at once, the estimated cost being about \$60,000.

The camp fire at night was conducted by Colonel Lew Haulback, who spoke of his meeting as a feast of loyalty in this central spot of Kansas. He said that this was really the most successful reunion ever held in the state, and said the citizens of Ellsworth had honored themselves by their generous entertainment of the stranger within their gates. Eugene F. Ware, from Quill, the poet of Paint Creek, read the poem entitled "The Oregon Grander."

MONEY COMING WEST.

New York, Oct. 5.—For the first time since the week following the May panic of 1888 the bank statement shows the reserves held to be less than the 25 per cent of deposits required by the national banking law. The deposits amount to \$112,273,800 against which only \$101,493,400 is held in reserve. The deficit is \$10,780,400 as the legal requirement is \$103,000,000. A year ago with almost exactly the same amount of deposits the banks held a surplus over the legal requirements of \$11,417,300. The deficit is almost wholly caused by the drain of money to the west and south, where over \$6,000,000 was shipped last week and almost as much went in the weeks just preceding.

SANTA FE DIRECTORS.

Boston, Mass., Oct. 5.—The directors of the Atchison, Topeka & Santa Fe railroad met at 10 o'clock this forenoon. This is undoubtedly the most important meeting of the company since its organization. Mr. H. H. Cheney and Colonel Holliday, of Kansas, are in attendance. It is stated that it is very doubtful if the plan of reorganization is given out before next week.

FOUGHT TO THE END.

A TERRITORY OUTLAW PREFERS DEATH TO CAPTURE.

Three United States Officers Defied Until Brought Down by Mortal Wounds.

The Death of Charles Davis, a Nineteen-Year-Old Law-Breaker, Near Fleetwood, I. T.

Joseph Spendlove Found Guilty of Murder at Topeka—The Black Record of Ex-Priest Boyle While at St. Louis—Bald Footpads at Kansas City—Minor Crime Notes.

GETTIE, Ok., Oct. 5.—Charles Davis, aged only 19 years, but one of the boldest desperadoes in the Indian territory and the leader of a noted band of horse and cattle thieves, was shot and killed yesterday near Fleetwood, I. T. Deputy United States Marshal, Warner, Terry and Hart had pursued him to a vacant house which he barricaded, and from his fortress he defied the officers. Deputy Hart went for aid and as soon as he had left Davis made a break for liberty, carrying in either hand a revolver. The deputies opened fire upon him. He turned in his flight at a gate, but he fell to the ground mortally wounded, and died a half hour after the fight.

BOYLE'S BAD RECORD.

What is Known at St. Louis of the Priest Now on Trial for His Life.

St. Louis, Mo., Oct. 5.—J. J. Boyle, the ex-priest who is now on trial for his life at Raleigh, N. C., charged with outraging Geneva Whittaker in May, was well known in this city a year ago and has been seen in this city at an even later date. Boyle's reputation while here was best known to the police and he is given a very bad character.

About a year ago he officiated at a Catholic church in a small town in Illinois but left it in disgrace, having contrived to raise a large sum of money for the purpose of building a new church and having then come to St. Louis to spend it among fast women.

John Carr, of the Central district, knows more, perhaps, than any man in St. Louis of the man, having had occasion to bring him under the pole of the law at different times. About a year ago Carr arrested the man at a house on Spruce street for disturbing the peace on complaint of one of the inmates. When brought up in the First district police court the man was recognized by a number of people, and acknowledged that he was a priest. He was let off with an easy fine, but was subsequently brought up in the same court a number of times.

BADLY SHOT BY FOOTPADS.

KANSAS CITY, Mo., Oct. 5.—William P. Rogers, general agent for Missouri and Kansas of the Equitable Life Insurance company of Iowa, at 8:30 o'clock last night was shot by a footpad in front of his home and dangerously wounded. Mr. Rogers was returning home at that hour and was not more than a dozen paces from his door when one of two men whom he did not notice fired a shot which struck him in the back, passing between his arms, bending them backward when the other thrust a pistol in his face. The latter drew a second shot, which struck Rogers in the arm from the grasp of the man behind him and brushed aside the pistol held by the man in front. Both the robbers then turned and fled toward the livery house. Walking quietly away the footpads turned and shot again at the wounded man. The shot did not harm them. The robbers fled toward the livery house and escaped in the darkness.

The attending physician stated at an early hour this morning that while the wound was not mortal it was a very dangerous one. The police think they know who the would-be-murderers were and are in pursuit of them. Mr. Rogers is unmarried.

ASSASSINATED BY INDIANS.

PAIRS, Tex., Oct. 5.—News has reached here of a bloody murder that occurred on Clear creek, ten miles west of Darkley, in the Cheateau nation, last Monday. Ellis Williams, a full blood Indian, left his home to visit his brother-in-law, Julius Victor, who lived a few miles away across the mountains. In Clear creek bottom he was shot and killed by a party of Indians. His body was found the next day. The parties who did the deed are unknown, but believed to be Indians. Williams was immensely rich and owned thousands of head of horses and cattle. Of late he has been in connection with others, speculating in "hot proceeds" claims, and had invited the intimacy of the Indians, who charged Williams and his crew with swindling them. Threats have been made against others, and other murders are expected to follow.

NEPOTISM STRONGLY CENSURED.

CHICAGO, Ill., Oct. 5.—The investigation of the South Englewood disaster on the Chicago, Rock Island & Pacific road was resumed today by the original jury in the case. Nominally it was a formal request on the body of Michael O'Connor, the last of the victims to die, but as the coroner said in his brief statement to General Manager St. John, who was on the stand: "The question is who is responsible for the reinstatement of a man who had been discharged three times for drunkenness?" Today Twombly took the entire responsibility for that act himself.

After deliberating two hours the jury brought in a verdict censuring the officials of the company severely and taking strong ground against allowing favoritism or nepotism to endanger human life.

GRAND JURY ON NAGLE'S CASE.

STOCKTON, Cal., Oct. 5.—The grand jury of San Joaquin county has presented a final report concerning the case of Deputy United States Marshal Nagle. The report says the killing of the late Judge Terry was deliberate, and while the constitution and law of the state require that a crime against its laws should be tried thereunder, the accused was taken from the power of the state by a process emanating from the United States circuit court. The report continues: "The United States court has decided that Nagle can not be tried by a state law, essentially for a like want of jurisdiction, from which it is fair to conclude he can not be tried in any court."

SPENDLOVE FOUND GUILTY.

TOPEKA, Kan., Oct. 5.—In the case of the state against Joseph Spendlove, the jury brought in a verdict today, finding Spendlove guilty of murder in the second degree, for killing Geneva Whittaker in this city on the night of March 20.

TOOK EVERYTHING OF VALUE.

ELIZABETH, N. J., Oct. 5.—One of the most daring robberies ever known was perpetrated here early this morning. The house of Mrs. James Ross, corner Mills street and Second avenue, was entered by burglars, who used extraordinary means to effect their end. The entire household of four persons were chloroformed and the house was looted from cellar to garret. Jewels, silverware and other articles to the value of \$2,000 were stolen. The police have been unable to find any clue to the robbers.

BAILEIFF SHUBIST DISGUSTED.

CHICAGO, Ill., Oct. 5.—No jurors were secured in the Cronin case today. It is understood that Mr. Shubist, the special bailiff appointed by the court to serve the venire, has declined to act after Monday next and that the court will have to appoint some one in his place. The exact reason for this step has not been stated but the difficulty in serving the venire and procuring good jurors is believed to be the cause.

KANSAS PRESBYTERIANS PROSPER.

LAWRENCE, Kan., Oct. 5.—The attendance at the Kansas synod of the Presbyterian church has been very large. The time today was occupied mostly in the hearing of reports from the various branches of the church work. These were of a very satisfactory nature and the church throughout the state is in a flourishing condition. This evening Rev. T. J. Sauer delivered an address on "The Unrepentant Members of the Presbyterian Family of Kansas."

THE COURSE MEETING.

HITCHCOCK, Kan., Oct. 5.—The preparations for the course meeting to be held here from Tuesday to Saturday this week are completed and contestants are arriving daily with their grey hounds. The main stake, the national derby, thirty-two dogs, was killed two days ago and a number of tardy applicants have necessarily been left out. The course will be in a flourishing condition. This evening Rev. T. J. Sauer delivered an address on "The Unrepentant Members of the Presbyterian Family of Kansas."

PROTESTANT EPISCOPALS.

NEW YORK, Oct. 5.—The general convention of the Protestant Episcopal church of America went into session today at 10 o'clock, after morning prayer, at which Rev. Dr. Beatty, of Kansas, and Bishop Leighton Coleman, of Delaware, officiated. The order of the day, the consideration of resolution 12, coming up, Rev. Dr. J. J. Baile, of Arkansas, took the floor and spoke in opposition to it. He argued that the Nicene creed presented to the convention was not a Catholic creed, but a Roman creed, and should not be accepted by the convention. Dr. Kennedy, of Michigan, next spoke. He was in favor of the adoption of the resolution.

EYES ON THE CZAR.

THE SITUATION IN EUROPE OPEN TO SUDDEN CHANGE.

Bismarck Accused of a Double Play To Prevent a Franco-Russian Alliance.

Austria Views the Coming Conference With Alarm—The Triple Alliance Ready to Recognize Ferdinand.

Alexander Will be Guarded by Swarms of Russian Police—Fear For His Life Intense—Internal Political Gossip From Berlin—Minor Foreign Items.

(Copyright 1889, by the New York Associated Press.)

BERLIN, Oct. 5.—Official telegrams from Friedrichsberg, received at Potsdam and the foreign office tonight, say that the czar will start for Berlin on Thursday next. According to present program the czar will go to Kiel, journeying by way of Oldesloe and Schwarzenbeck to Berlin. This program is subject to alteration. M. Schlenker, chief of the czar's secret police, passed through Berlin today on his way to Kiel. He is accompanied by the inspector of imperial trains. The czar's special train, once owned by the Emperor, is going to the station here, having come from Wirballen. There are swarms of Russian police here, at Kiel and at the stations along the proposed route. Russian troops line the rails from Wirballen to Moscow. The precautions taken far exceed those on the occasion of the former visit of the czar and are due to his intense fear of an attempt upon his life.

The czar leaves Copenhagen on October 12 for Koenigsberg, rejoining the czar at some point on the homeward journey. Only Count Minister Worontsoff Daskhoff and aides-de-camp Generals Tschernine and Richter will accompany the czar.

BISMARCK WILL CONFER WITH THE CZAR.

Under the pressing insistence of Count Schouvaloff, the Russian ambassador to Germany, the czar will accept the train at the desired interview. As soon as the promise of a conference was received the semi-official press was instructed to deny the statement that the government intended to apply to the reichstag for a military credit of several hundred million marks. Tonight the National Gazette, turns upon itself, declaring that no money demands of any importance were ever contemplated by the government. The statement that the movements of Russian troops were threatening the safety of the frontier is likewise pronounced exaggerated. The czar will pass forty-eight hours between Potsdam and Berlin. Nothing is expected to result from his meeting with Prince Bismarck.

The Moscow papers ridicule the idea that the czar will accept any conciliatory overtures unless they are well backed by solid concessions.

An uneasy feeling appears to prevail in the Austrian official circle, it being feared that the chancellor is about to make a new move by offering to assist in restoring Russian dominion in Bulgaria as an inducement to draw the czar from a French alliance.

The Vienna Ferialblatt's article advocating the recognition of Prince Ferdinand as prince of Bulgaria, has been quoted by the North German Gazette without comment. Other semi-official papers leave German support doubtful, although the Vienna cabinet is known to attach supreme importance to the question. Prince Bismarck is suspected of playing a double game. It is thought that on the one hand he will tolerate the czar's movement looking to the firm establishment of Bulgarian independence, while on the other hand he will offer an enticement based upon a promise to make Bulgaria a freer hand to deal with Bulgaria and interfere in Armenia.

READY TO RECOGNIZE FERDINAND.

It is certain that if the czar agrees to Prince Bismarck's proposals with coolness, recognition of Ferdinand by the port, the powers forming the triple alliance and England will be the immediate sequence. The sultan has already agreed to recognize Prince Ferdinand as prince of Bulgaria. The weight of the imperial republic of Emperor William before issuing a formal proclamation to that effect.

The Kreuz Zeitung today reproduced Emperor William's article in the Reichsanzeiger regarding his attitude toward the czar. The Zeitung frankly adds that it assailed national Liberals became convinced that the line of conduct of the czar under the influence of the national Liberals was injurious to his state, and by virtue of his oath of loyalty to the emperor it is evident it now bows before the emperor's opinion. The response of the Kreuz Zeitung, generally admitted to be dignified and well put, conceals the mortification and jubilation at finding that the emperor has confidence in the chancellor's internal policy and that he is also ready to accept the czar's attitude toward the triple alliance.

The news from Athens that a fever is raging among the populace there, and that several cases of cholera are among the victims, alarms the imperial circle. The emperor is due at Athens on the 28th inst. If the epidemic continues the marriage festivities will be curtailed. The present program of three days' fest and a review of 20,000 troops will be reduced to a quiet marriage ceremony.

The preparations that are being made at Constantinople for the reception of Emperor William indicate a prolonged stay. It is reported that he will remain two weeks at the Turkish capital. He will be accompanied by Count Herbert Bismarck. The length of the emperor's visit is attributed to an intention to inquire into the condition of the Turkish army and to test the statement of German officers that the port is still able to maintain a standing army of 400,000.

The question of a railway between Germany and Austria exercises the Vienna newspapers, which argue that as the two nations have a common foreign policy there is no good reason why they should not also have a common economic policy toward nations outside the Dualist.

As a practical approach thereto the Nuffrid Press hopes that Prince Bismarck will at a second Austria in future treaties of commerce, special concession and abolish the most vexatious nation treatment now given to France.

M. Herlette, the French ambassador, returned to Berlin last evening. It is reported that he will be replaced by Jules Ferry in spite of some disquieting news of Ferry while in power Bismarck is ready to accept him.

Princess Margaret, sister of the emperor, is believed to be in the city. Her mother, the wife of the duke of Nassau, Her mother favored the suit of the crown prince of Denmark.

mark, while Bismarck favored the prince of Nassau. Lieutenant Fischer, with two batteries of artillery, has sailed from Hamburg to reinforce Captain Wissmann in east Africa. The alarm over Captain Wissmann's position increases. He is threatened by large bodies of well armed Arabs and natives who are cutting off his supplies.

TO PROSECUTE NAVASSA RIOTERS.

BALTIMORE, Md., Oct. 5.—A warrant was issued by Judge Bond, of the United States circuit court, yesterday, for the arrest of the negroes concerned in the Navassa riot. When the receivers of the Navassa Phosphate company were appointed, a restraining order was granted prohibiting any interference in any way with the property of the company, and it is held that the rioters should be brought before this court for trial. For manifest reasons United States Marshal Dr. George B. Cairnes made return to the warrant that he was powerless to make the arrest, whereupon Judge Bond certified to President Harrison the facts of the case, and they will be laid before the president by counsel for the company for action.
